ORGANIZATIONAL CHART

Welcome to TNTY Group.

As the Director, I am proud of our work and how we go about doing it. Safety is the core of everything we do and remains our number one priority. Our safety culture is deeply rooted in our overall business strategy. We are committed to providing the necessary resources and support to ensure each child and everybody has fun and safe after playing our equipment.

TNTY Group has become a leader in playground equipment provider. Our customers have recognized TNTY Group for its quality work, equipment and commitment to safety.

The playground equipment business continues to evolve, yet TNTY Group's commitment to being the best partner remains constant. We strive to use the most modern, efficient and environmentally friendly technology.

Our experienced employees continue to research and develop new techniques to be more efficient. We regularly upgrade and invest in our facilities to make sure they operate efficiently, cleanly and safely.

We do it all for an excellent reason: our children breathe the same air and play the same playground as your children.

Sincerely,
Nguyen Thi Thuy Linh
Director

“ I think you won't thrive in an environment if you see it as a must-do, not passionate. A successful employee always works with a love for the job and enthusiasm no matter what it is.

With my love for children, working at TNTY is the best place that creates joy, laughter, and moments of relaxation and comfort.

As a project manager, I'm able to improve my communication skills with customers, foreign languages, and handling situations.

Besides, I have learned about different types of playgrounds and technical issues when I consult customers about the company's products. It's an honor to work together with my colleagues to create a rewarding playground for all ages.

OUR PROCESS

Our sales process covers everything from planning to condition assessment and maintenance. When you choose TNTY Group's solutions, you will get help from a knowledgeable TNTY Group employee who is familiar with the local connections, everyday living and recreation environment. **How we work:**

step 6

Our after-sales department will ensure continuous follow-up and deal with any spare parts inquiries.

step 5

We provide all the maintenance guides necessary to extend the product life cycle, and we can recommend or hire third-party contractors should if you need one.

step 4

We can supervise the assembly and installation of the equipment if required.

step 3

Our team of designers will create a 3D proposal or a CAD plan and provide a full quote with the cost breakdown and product details.

step 2

Our team will then book an introductory meeting and site visit for further assessment.

step 1

A dedicated play advisor will have a preliminary discussion with you to scope out the project, including your budget and site requirements, the play value and benefits that you wish your new space should have, etc.
